Education

University of Massachusetts Amherst

Amherst, MA

PHD IN COMPUTER SCIENCE, MANNING COLLEGE OF INFORMATION AND COMPUTER SCIENCES

Aug. 2019 - Mar. 2025 (exp.)

- CS Fellow (merit scholarship for Computer Science students, 2019-2020)
- Cadence Women in Technology Scholar (2019-2020)
- PhD Applicant Support Program, Co-Chair (2020-)

Carnegie Mellon University

Pittsburgh, PA

MS IN COMPUTATIONAL DESIGN, FOCUS ON MACHINE LEARNING

Aug. 2016 - May 2018

- Fulbright Scholar

Polytechnic University of Turin and Collegio Carlo Alberto

Turin, Italy

HONORS BS+MS DOUBLE DEGREE, MAJORS: ECONOMICS AND STATISTICS, ARCHITECTURE

Sep. 2010 - Jul. 2016

- Collegio Carlo Alberto “Allievi” Scholar
- Alta Scuola Politecnica Scholar
- Won EU-funded scholarship to study abroad in Paris, France (2014-2015)

Research Experience

Meta

New York, NY (remote)

RESEARCH ENGINEER INTERN, STATS & PRIVACY R&D TEAM. HOST: JAMES HONAKER, PHD

May 2022 - Aug. 2022

- Researched novel statistically valid differentially-private inference methods for two company-specific problems
- Provided the engineering team with a ready-to-use implementation of my algorithms that the company can now adopt on multiple private inference pipelines

Google

New York, NY (remote)

RESEARCH INTERN. HOST: ALEX KULESZA, PHD

May 2021 - Aug. 2021

- Conducted research on novel differentially-private inference methods and supporting theory
- Independently designed and ran extensive experiments to validate new methods
- Presented our work at an internal research seminar
- Formalized results into a conference workshop paper (accepted at PriML at NeurIPS 2021)

University of Massachusetts Amherst

Amherst, MA

RESEARCH ASSISTANT TO PROF. DANIEL SHELDON, PROBABILISTIC MACHINE LEARNING

Aug. 2019 -

- Developing new methods and algorithms for noise-aware differentially private inference and uncertainty estimation
- Published research papers on differentially private inference
- Implementing code to execute experiments validating my methods, including output visualization
- Current research directions include synthetic data, bias correction, and bootstrap methods for differentially private inference
- Responsible for organizing weekly meetings for eight PhD and Master's students in prof. Sheldon's lab (2021)

Carnegie Mellon University

Pittsburgh, PA

RESEARCH ASSISTANT TO PROF. DANIEL CARDOSO LLACH, SPATIAL MACHINE LEARNING

May 2017 - Apr. 2018

- Published research on applications of machine learning for spatial analysis of architectural plans
- Presented Master's thesis work at Spatial Cognition 2018, winning Best Poster Presentation award
- Implemented graph learning techniques and visibility graphs to study spatial hierarchies
- Developed novel method to mathematically encode the spatial “footprint” of architectural plans
- Trained statistical models to correctly classify architectural plans based on their graph embedding
- Contributed to curating an exhibition on the origins of computer-aided design (CAD)

Other Experience

Cadence Design Systems

Pittsburgh, PA

MACHINE LEARNING SOFTWARE ENGINEER

Jun. 2018 - May 2019

- Conducted applied research on generative adversarial networks, capsule networks, graph matching, implementing algorithms from scratch
- Improved the performance of a classification algorithm by 11% by integrating capsule networks in the computer vision pipeline
- Communicated results with audiences of different expertise and background
- Invited to present my methods and results at Cadence Machine Learning Summit 2019, attendees included company's top scientific and executive leadership

Procore Technologies

Carpinteria, CA

QUANTITATIVE RESEARCH INTERN

May 2017 - Jul. 2017

- Developed data analytic app for uncertainty estimation of statistics derived from user data. The company has adopted my app for routine use in their survey data analysis pipeline
- Communicated quantitative results with technical and non-technical audiences
- Collaborated with UX, Engineering and Finance teams

Research Papers

C. Ferrando, S. Wang, D. Sheldon, *Parametric Bootstrap for Differentially Private Confidence Intervals*, AISTATS 2022

C. Ferrando, J. Gillenwater, A. Kulesza, *Combining Public and Private Data*, PriML Workshop at NeurIPS 2021

C. Ferrando, N. Dalmaso, J. Mai, D. Cardoso Llach, *Architectural Distant Reading – Using Machine Learning to Identify Typological Traits Across Multiple Buildings*, CUMINCAD 2019

Posters and Presentations

C. Ferrando, D. Sheldon, *Parametric bootstrap for correcting clamping and truncation bias in differential privacy*, Women in Machine Learning Workshop, NeurIPS 2020

C. Ferrando, *A Machine Learning Framework for Spatial Analysis*, Best Poster Presentation award, Spatial Cognition 2018

Selected Projects

| | |
|-------------|---|
| Spring 2021 | 2020 National Institute of Standards and Technology Differential Privacy Temporal Map Challenge, team won \$43,000 prize , with Ryan McKenna, Joie Wu, Arisa Tajima, Brett Mullins, and Siddhant Pradhan |
| Fall 2019 | Adaptive robust regression for heteroskedastic data , UMass Amherst CS689 Machine Learning, final project with Kenta Takatsu |
| Spring 2017 | HP-Intel NASA Design Challenge “Life in Space” , 1st prize winning team project |
| Fall 2016 | The Harmonograph , Carnegie Mellon 15-112 Fundamentals of CS and Programming, final project, 2nd prize over 400+ projects |

Honors & Awards

SCHOLARSHIPS AND FELLOWSHIPS

| | |
|-----------|---|
| 2022 | GHC Scholarship , Anita Borg, Grace Hopper Celebration |
| 2020 | Cadence Women in Technology Scholarship , Cadence Design Systems |
| 2019 | CS Fellowship , CICS, University of Massachusetts Amherst |
| 2016-2018 | Fulbright Scholarship (\$40,000) , US Department of State |
| 2010-2016 | Collegio Carlo Alberto “Allievi” Scholarship (\$17,000) , Collegio Carlo Alberto, Turin, Italy |
| 2013-2015 | Alta Scuola Politecnica , top 1% students, Polytechnic University of Turin, Italy |
| 2014-2015 | Erasmus+ Scholarship , European Union |

AWARDS

- 2021 **Dean's Outstanding Anti-Racism Leadership Award**, CICS, University of Massachusetts Amherst
- 2021 **2020 NIST Differential Privacy Temporal Map Challenge (\$43,000)**, with the Minutemen team
- 2020 **NeurIPS 2020 registration award**, Women in Machine Learning
- 2020 **GHC 2020 registration award**, CICS, University of Massachusetts Amherst
- 2020 **ICML and ICLR 2020 registration award**, Women in Machine Learning
- 2019 **NeurIPS 2019 travel and registration award**, NeurIPS Conference
- 2017 **First Prize**, HP-Intel "Life in Space" Design Challenge, CMU team
- 2017 **Second Prize**, Carnegie Mellon 15-112 best CS projects over more than 400
- 2009 **Albo delle Eccellenze**, top high-school students in Italy, Italian Ministry of Education

CONFERENCE PRESENTATIONS

- 2018 **Spatial Cognition 2018 Best Poster Award**, Spatial Cognition 2018, Tuebingen, Germany

Teaching & Mentorship

University of Massachusetts Amherst

Amherst, MA

GRADUATE THESIS MENTOR TO UNDERGRADUATE STUDENT ADI GEVA

Feb. 2022 - May 2022

- Mentored Adi as she worked on her thesis project on bootstrap methods for differentially private confidence intervals. Adi won the UMass Manning CICS 2022 Outstanding Undergraduate Achievement Award

University of Massachusetts Amherst

Amherst, MA

GRADUATE MENTOR, CICS EMBER PROGRAM

Feb. 2021 - May 2021

- Mentoring undergraduate students from underrepresented groups conducting applied research on uncertainty quantification in differential privacy

University of Massachusetts Amherst

Amherst, MA

GRADUATE MENTOR, CICS UNDERGRADUATE WINTER RESEARCH PROGRAM

Jan. 2021

- Mentoring three undergraduate students conducting applied research on uncertainty quantification in differential privacy

University of Massachusetts Amherst

Amherst, MA

GRADUATE MENTOR, CICS UNDERGRADUATE SUMMER RESEARCH PROGRAM

Jun. 2020 - Aug. 2020

- Mentored two undergraduate students conducting applied research connected to differential privacy
- Provided weekly 1-1 guidance and feedback tailored on each student

Service & Leadership

- 2020- **PhD Applicant Support Program (PASP)**, University of Massachusetts Amherst CICS, Co-Chair. A new mentorship program for prospective PhD students, with a focus on supporting underrepresented candidates. Received Dean's Outstanding Anti-Racism Leadership Award.
- 2020- **Voices of Data Science**, Co-Chair. Leading the committee organizing the inaugural Voices of Data Science at UMass Amherst conference. The 2021 edition highlighted work by women (cis and trans) and non-binary data scientists.
- 2020 **UMass Graduate CS Women group**, Social Co-Chair. Organized networking events for CS women graduate students and faculty.
- 2020 **New Student Committee**, University of Massachusetts Amherst CICS. Contributed to PhD candidate visit day.
- 2018 **Greater Pittsburgh Community Food Bank**, volunteered with the Cadence Global Giving program.

Skills

| | |
|--------------------|---|
| Programming | Python (NumPy, SciPy, PyTorch, TensorFlow, jupyter, matplotlib), C++, Matlab, git, LaTeX |
| Design | Adobe Photoshop, InDesign, Illustrator, PremierePro. Autodesk AutoCAD, 3DSMax. Rhino, Grasshopper |
| Languages | Italian (native), English (advanced), French (advanced) |
